

INTRO TO SQL

Brought to you by UW Statistics Club

WHEN

October 16, 2014
5:30 - 7 PM

WHERE

M3 3103

Cheat Sheet
of basic SQL
commands will
be provided!

Why is this important?

**DATABASES ARE
INCREDIBLY PREVALENT
IN INDUSTRY AND
CRUCIAL COMPONENTS
OF SOFTWARE SYSTEMS**

Investment firms use them
to track financial records.

**SQL RDBMS ARE ONE OF
THE MOST POPULAR
DATABASE SYSTEMS**

Featured in the Leaders
Quadrant in a study by
Gartner, a leading tech
research and consulting firm.

More on the event:

Examples during the talk
will use MYSQL.

Focus will be on data
analytics, while touching
briefly on table operations.
